

Cellebrite Certified Physical Analyst for Inseyets (CCPA Inseyets)

Course Description

Cellebrite Certified Physical Analyst for Inseyets (CCPA Inseyets) is a three (3) day advanced-level certification course focused on the analysis of forensically acquired digital evidence and advanced search techniques using Inseyets Physical Analyzer (Inseyets.PA). Participants will use Inseyets.PA to create and manage cases and load evidence to view and analyze Android and iOS extraction data. Using the SQLite database view, participants will explore database contents to find and recover deleted data. The course includes forensic analysis best practices with an overview of verification and validation techniques along with forensic reporting. Participants will earn the CCPA Inseyets certification upon passing a knowledge test and practical skills assessment with a score of 80% or higher.

Level	Length	Certification Track	Delivery Mode
Advanced	Three-Day (21 hours)	CCME Inseyets	In-Person Virtual Self-Paced

Course Learning Objectives

Upon successful completion of the course, the student will be able to:

- Demonstrate proficiency in the digital forensic process by effectively conducting digital forensic examinations using Inseyets Physical Analyzer.
- Prepare comprehensive digital forensic reports.
- Differentiate between verification and validation techniques and apply them appropriately during the digital forensic process.
- Install and configure Inseyets Physical Analyzer, explore data extractions from mobile devices, and utilize its advanced settings.
- Explore and analyze the Android and Apple operating system and file system structures, as well as their value and complexities to investigators.
- Explore advanced forensic examination tools and topics such as SQLite databases, flash memory characteristics, data carving techniques, and byte-level data searches.

Notes

- Both the In-Person and Virtual courses incorporate a blended learning approach which requires the completion of self-paced pre-work modules. Participants must complete the assigned pre-work prior to attending class. The material in the pre-work will be covered in the final exam.
- No prerequisites exist to attend the CCPA Inseyets class. It is recommended that students complete the Cellebrite Mobile Forensics Fundamentals (CMFF) course prior to enrolling in CCPA Inseyets.
- This course is a prerequisite for the Cellebrite Certified Mobile Examiner (CCME) for Inseyets capstone certification track.

About Cellebrite Training

Cellebrite Training delivers expert-led digital forensics education built for real-world investigations. Through hands-on, role-based courses—available in person, virtual, and self-paced—we help professionals confidently handle today's digital evidence challenges.
