CELLEBRITE READER (READER)

Mobile Forensics

Course Description

The Cellebrite Reader training is a one (1) day entry level course designed to familiarize the non-technical investigator and legal professional with the simple and free Reader tool. Cellebrite Reader enables investigators to receive Universal Forensic Extraction Device (UFED) extraction reports from a forensic lab so they may complete their own searches, tag and highlight evidentiary items, and generate reports for their cases.

Level	Length	Delivery Mode
Entry/Beginner	One-Day (7 hours)	In-Person Virtual Self-Paced* * last updated December 2022

Cellebrite TRAINING

Course Learning Objectives

Upon completion of this course, students will be able to:

- Explain the Digital Forensic Process and how Cellebrite's solutions provide the mechanism to conduct end-to-end digital investigations.

- Identify Cellebrite Reader's features and benefits for evidence viewing and reporting.

- Use Cellebrite Reader to view and analyze reports received by forensic labs.

- Generate final Reader reports based on evidentiary findings from the user's own specific needs.

Note

Attendees will receive a certificate of attendance.

Empowering Justice through Expert Digital Forensics Training

Cellebrite Training is a leading provider of digital forensics education, offering a comprehensive suite of courses designed to empower professionals in mastering the techniques, tools, and methodologies essential for navigating the complexities of digital investigations.
